Costa Blanca Norte / San Juan de  
Alicante

## URBANISATION

### **Exclusive detached villas next to the Playa San Juan de Alicante beachfront.**

SiDi Villas by TM is a unique residential where you can enjoy all the intimacy and privacy of a private home even though you're very close to the beachfront. The sought-after location of this complex on the seafront of San Juan Beach and Cabo Huertas makes this new project from TM Real Estate Group a highly popular site, formerly the home of the famous SIDI hotel, from which it takes its name. The architectural design was conceived to integrate the greenspace of its extensive gardens into the golden sands and blue-green waters of this section of the Mediterranean. This phase of the project includes 2 detached homes of 3/4 bedrooms in a private plot with swimming pool and garden, and basement garage. The 2 villas enjoy beautiful seaviews and excellent high quality finishes that you can customize to your preferences. The homes are also designed to maximize comfort and privacy.
